

The architecture (20140210)

History

Previously we were able to record, modify, removed, the pictures in the album. We could put youtube link. Administrative regarding IP addresses and add google id.

Now in 20140210

We can add google id according to the version of google map version. We don't remove any previous id except if it is the same version. See below...

ADMINISTRATION DES GROUPES/ADRESSES IP ADMINISTRATION OF GROUPS/IP ADDRESSES

Google
Google ID or trip name(no=Google ID by default): <input type="text"/> <input type="radio"/> ok <input checked="" type="radio"/> no
<input type="button" value="Autorisation google ID map/ Authorize google ID map"/>
Youtube <input type="text" value="not"/>
